

To The President of the United States of America and the United States Congress

9th Month, 3rd Day, 2013

North Carolina Yearly Meeting of Friends (Quakers) is troubled, as all must be, about the current circumstance in Syria and facing our nation. Based upon our shared historic Christian witness for peace, we beseech our President as well as Congress to seek peaceful solutions to the current situation and refrain from unnecessary violence upon the Mid-East region.

To The Syrian People

North Carolina Yearly Meeting of Friends (Quakers) wishes to express our deepest regret for the strife within your nation. Our prayer is for a peaceful solution to the conflicts and hardships you continue to endure.
